This article introduces the concepts of group behavior and groupthink in organizations. The article discusses the various aspects of group behavior as well as how groupthink can be both good and bad for organizations. The key theme in this article is that group behavior is akin to a flock of sheep and therefore, the Shepherd plays an important role in steering the flock to the destination.

### **Introduction to Group Behavior in Organizations**

Organizational Behavior bridges the gap between theory and practice with a distinct "experiential" approach. On average, a worker in the USA will change jobs 10 times in 20 years. In order to succeed in this type of career situation, individuals need to be armed with the tools necessary to be life-long learners.
