Team finds the biggest, oldest Maya monument - Futurity

The history of Maya civilization is divided into three principal periods: the Preclassic, Classic and Postclassic periods; these were preceded by the Archaic Period, which saw the first settled villages and early developments in agriculture. Modern scholars regard these periods as arbitrary divisions of chronology of the Maya civilization, rather than indicative of cultural evolution or decadence.

History of the Maya civilization - Wikipedia

Being a provincial civilization, the Maya's architecture varied little from state to state. Its key characteristics were multi-level elevated platforms, step pyramids, moldings of Mayan glyphs, and serpent marks on sculptures. The buildings were mainly made from limestone, sandstone, or volcanic rock, and the cutting tools were made from stone.
