Schaum's Outline of UML (Schaum's Outline Series): Bennett ...

So the first time I read this Schaum's Outline I found it was an excellent textbook on a subject. The book takes When I first studied UML on one of those overpriced "specialist" courses at the Early Learning Centre, or a company with a similar name, I found the pace fast and the notes of little use a couple of weeks after taking the course; all crammed into four and a half days.

Schaum's Outline of UML by Simon Bennett

The outline demonstrates the use of the techniques and notation of UML through case studies in systems analysis, showing the student clearly how UML is used in all kinds of practical situations. This revised edition will discuss the new infrastructure of the latest UML Version 2.0, and will include new examples, review questions, and notations.
