the main way we talked about nutrition in the late 1960's.

Swankin & Turner; James S. Turner

Ralph Nader's Summer Study Groups of 1969 raided various Washington departments and agencies to expose to public view the workings—and of course, the failings—of federal bureaucracy. This particular task force, under the direction of James S. Turner, checked out the Food and Drug Administration on the issue of food standards and their enforcement and found it wanting.

The chemical feast (Book, 1976) [WorldCat.org]

A Chemical Feast is written by Dr. W. Harding le Riche, a highly credentialed professor of epidemiology in the division of community health at the University of Toronto's faculty of medicine. The book takes a cool, commonsense approach to the entire controversial topic of the use of chemicals and their effect on our health.
