Instead, it is your evaluation of the book's thesis, use of evidence, organization, overall effectiveness, and contribution to the study of history in general. In your critique, you will consider whether a particular point of view (normally a neutral necessity) and/or a particular bias or prejudice (normally an avoidable negative) shaped the author's arguments and use of evidence.

Military History and Museums Military History. The United States armed forces date to 1775, when America needed a defense force to protect the original 13 colonies from a British invasion. Today, there are five branches: The United States Army is the oldest (established June 14, 1775) and largest of the five branches. Soldiers are responsible for performing land-based military operations.

This U.S. History text covers our nation's history from colonial times up to the present. Focusing on God's providence and America's Christian heritage, the text examines the circumstances which allowed for colonial expansion and development into modern day America. Presented in narrative form, it communicates the events of the U.S from Columbus to the 2000 election in an engaging way.
